

Farmers collaborating for landscape and nature

Simon Smart

Pewsey Downs Farmers Group

What are the benefits?

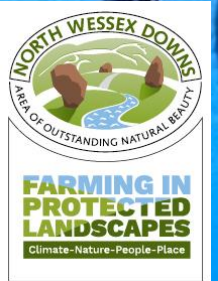

- Look beyond farm boundaries
- Bottom-up approach – decide own priorities
- Opportunity to share knowledge and experience
- Own, locally specific, environmental support
- Achievements greater than the sum of its parts
- Easier to access funding
- Economies of scale
- Social

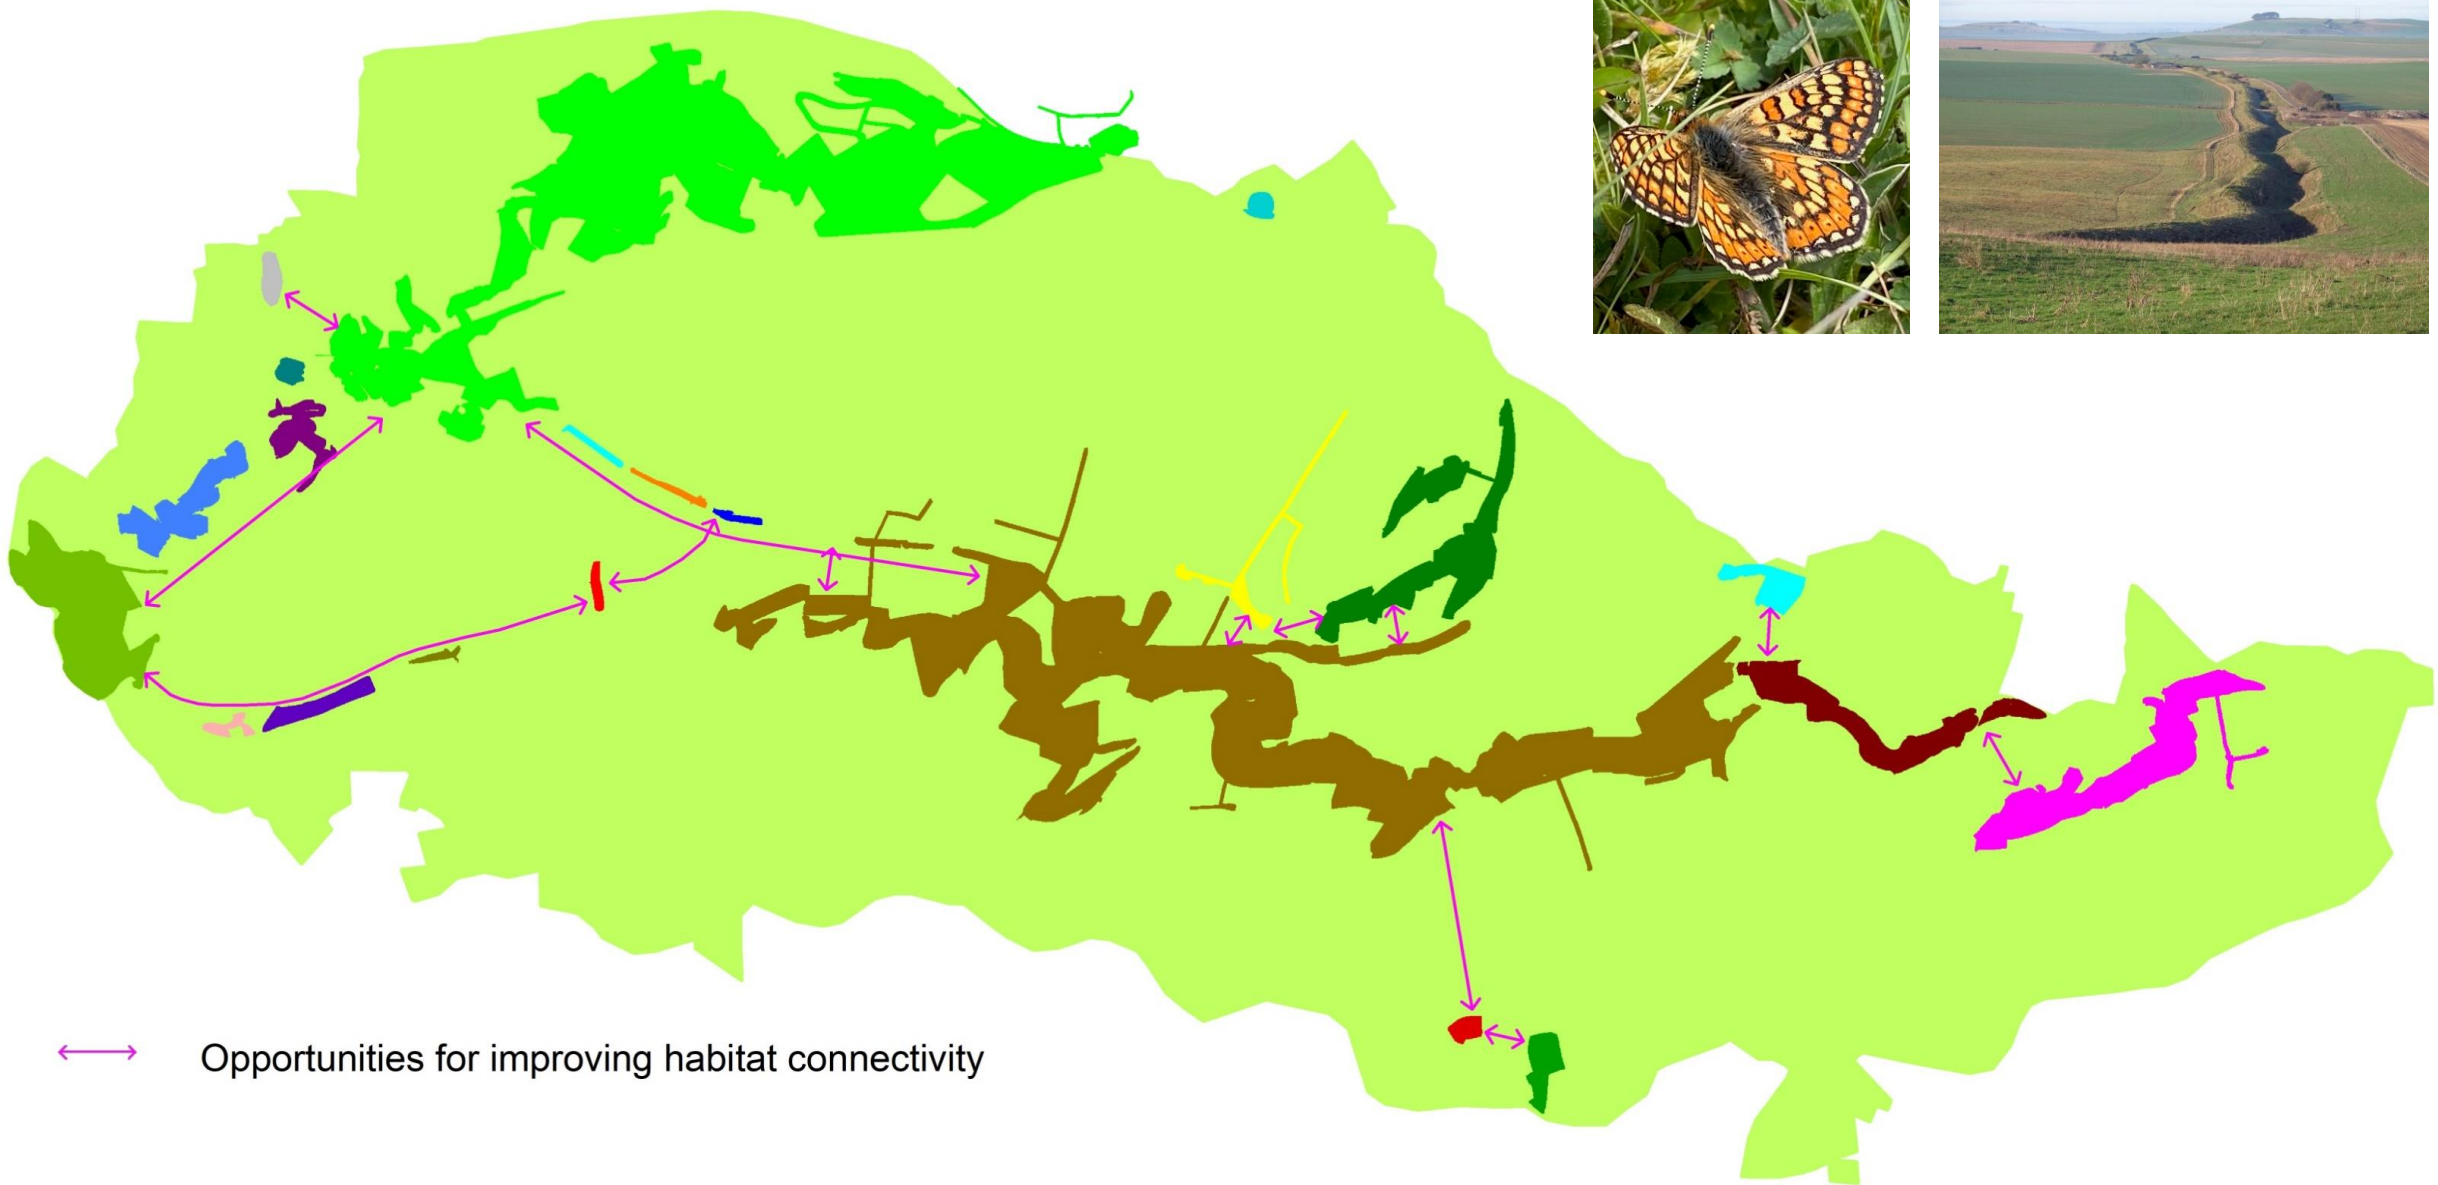

Recording – what do we have?

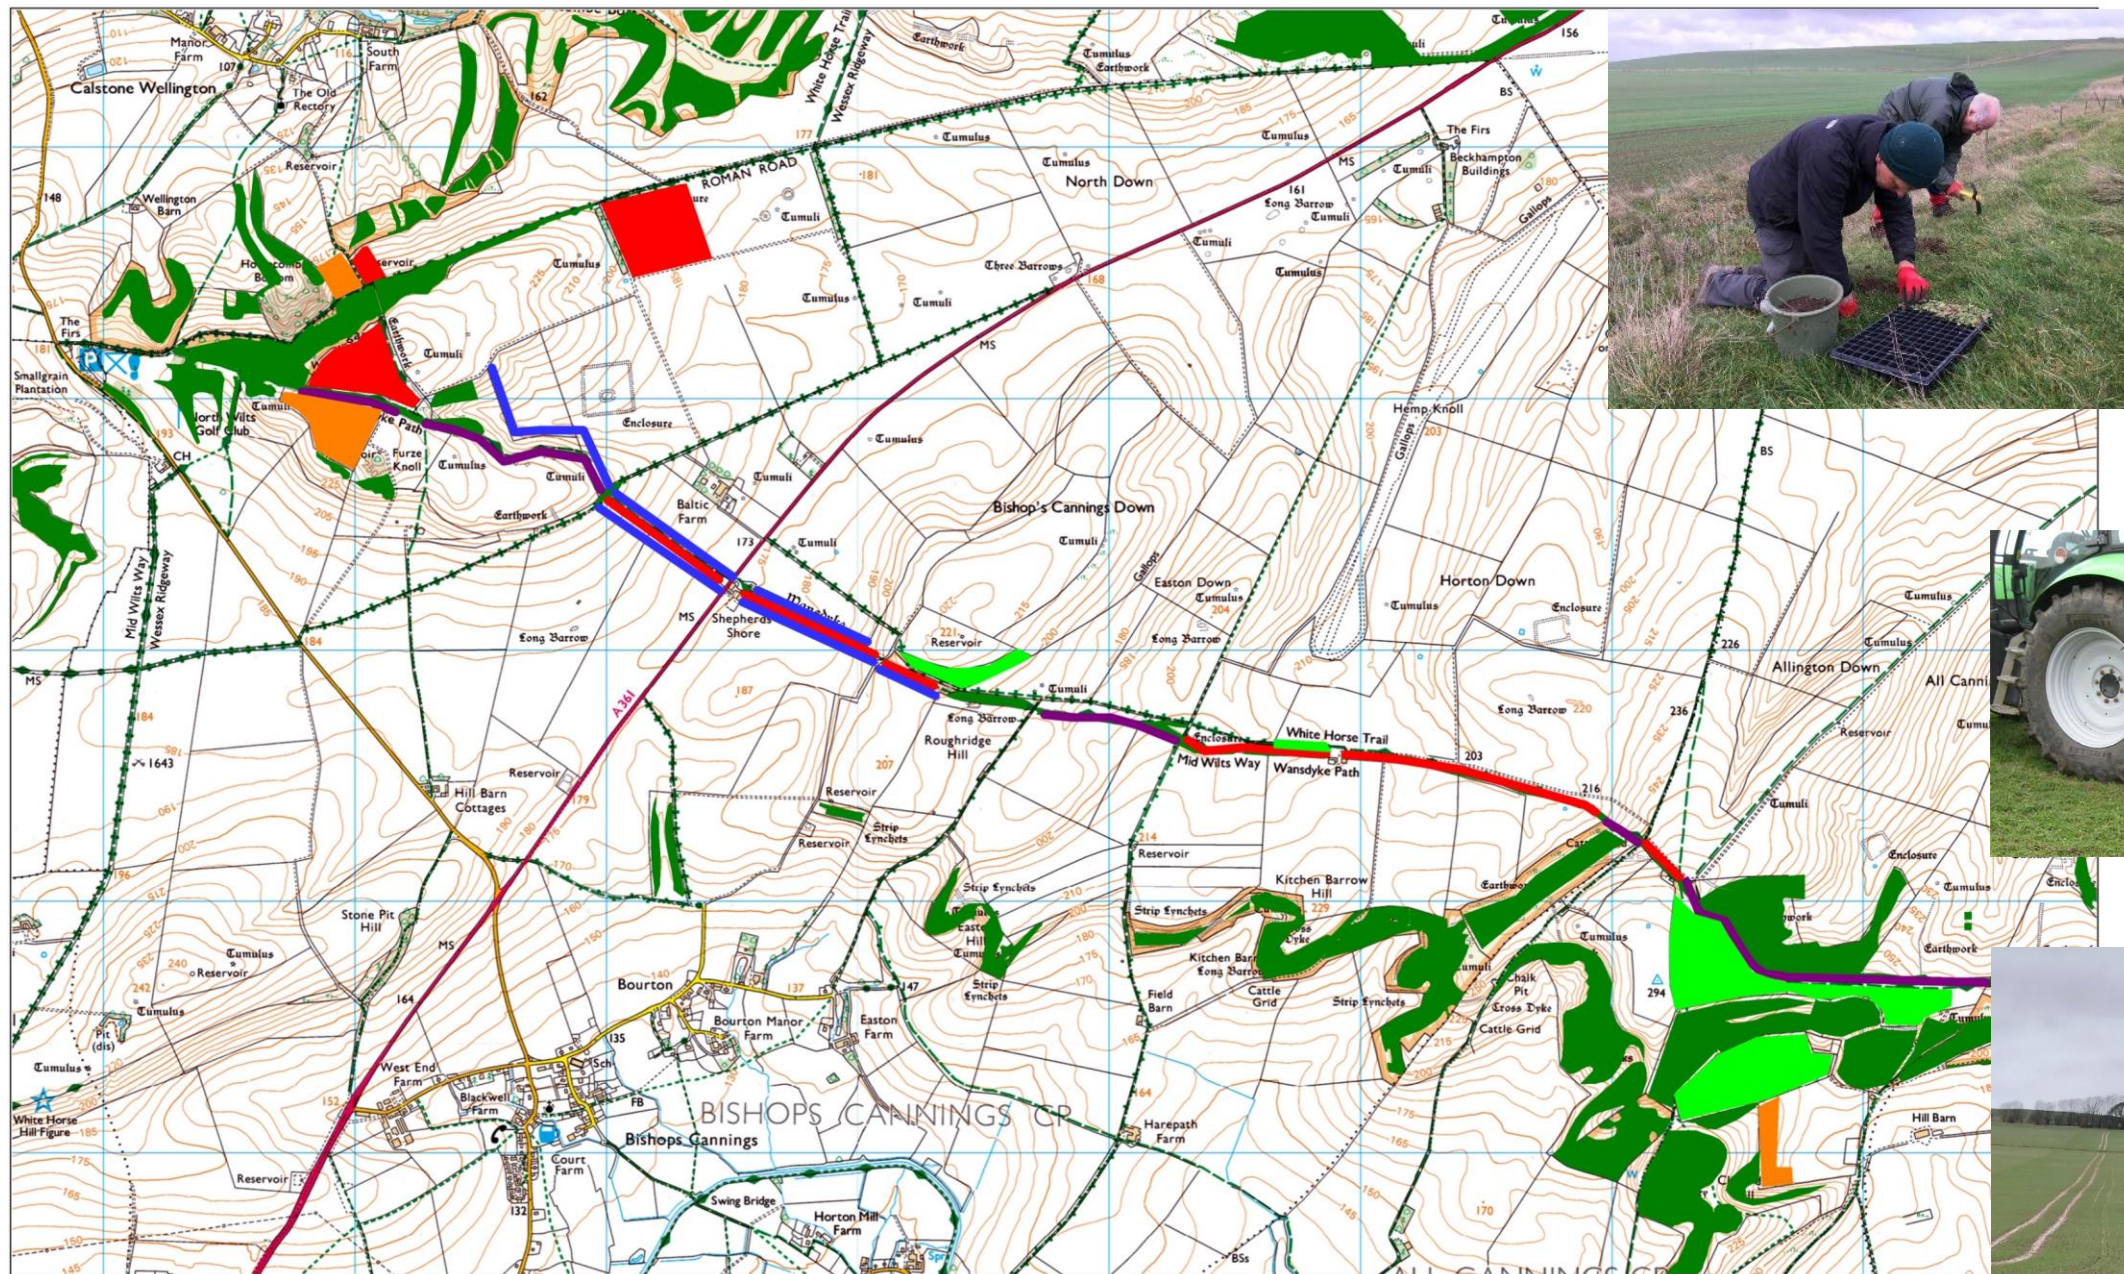

A screenshot of a biodiversity recording app interface. It features a map with blue location markers, a data table, and a smartphone displaying the app's interface. The data table is as follows:

ID	OTHER SPECIES	PHOTO	NUMBER	NOTES	SITE NAME
14823442			1		Alton Priory

↔ Opportunities for improving habitat connectivity

- Lowland calcareous grassland
- Flower-rich margins
- Plug planting
- Existing Devil's-bit scabious
- Sward enhancement
- Arable reversion

What are we doing?

Improving connectivity
